

**IFD**

International Federation of Denturists

# Who is IFD

---

## Mission Statement

The membership of the International Federation of Denturists (IFD) consists of National Denturist organizations from around the world interested in providing a forum for the promotion of the profession.

The objectives of the IFD are:

- Promote the development of federations or associations of Denturists in each country and political subdivision of each country to represent the views of Denturists to government and governmental authorities and agencies;
- Promote the interest and general welfare of Denturists throughout the world;
- Create and maintain favorable national and international climates within which Denturists can practice their profession;
- Promote research in career training programs for Denturists;
- Promote high educational standards, and develop a code of ethics for Denturists;
- Collect statistical and other such information, and disseminate it to its members;
- Conduct general promotional activities, including advertising and publicity on international and national levels;
- Disseminate information of a general, economic, social, educational and governmental character and to secure and present the views of the members to other organizations, governmental agencies, legislatures and the public;
- Promote the recognition and acceptance of the services provided by Denturists.

Please browse our site and feel free to contact us. We would be very happy to answer any questions you may have. Our meetings are open to all Denturists and we welcome new members.

If your country does not have legislation allowing the profession of Denturism and you wish to know how this may become a possibility, contact us now...we can help.

## Advantages of being an IFD Member

Being a member will allow you access to the following information and to influence the future of your profession:

- Certification of membership for associations and individuals
  - Access to by-laws and IFD constitution
  - IFD's strategic plan
  - Privileged information on Denturists and how they address issues
  - Library of support information and statistics
  - Education reports as they become available
  - Guidelines for hosting an IFD meeting
  - Guidelines for hosting a World Symposium
  - Minutes of meetings
  - Archives of country reports
  - Photos from Annual General Meetings and other events
  - Access to website
  - Receive Newsflash
-

---

## Education Committee

The members of this committee, as of August 21<sup>st</sup> 2020, are

- Mr. Jamshid Zehtab-Jadid – Chair
- Ms. Jenine Bradburn
- Mr. Johan Jarvinen
- Mr. Todd Young
- Mr. Bill Sharpling (joined october 2022)
- Mr. Colum Sower – consultant
- Mr. John Salamone Reynaud – consultant
- Mr. Efthymios Makis Vakalis – consultant

The mandate of the Education Committee is as to:

- Advise the IFD on the changes in Denturist education;
  - Evaluate new school's curriculum relative to the base line;
  - Provide education for countries in need of it;
  - Facilitate and conduct examinations for interested new countries;
  - For the purpose of continuing education, be the IFD facilitator when a new immediate training is required;
  - Keep member countries abreast of changes in the baseline education;
  - Ensure the baseline education is aligned to the current and evolving needs of the profession  
and help the profession stay relevant; and
  - Act as an advisor to the IFD in matters concerned with education.
-

---

## Member Countries 2023

### Europe

	Delegate for IFD	Regulation

## Cooperation Partners

CANDULOR AG is a worldwide exporting dental company with its headquarters in Switzerland. CANDULOR customers benefit from a complete prosthetic system: a combination of esthetics, design and functionality. Together with the science-based positioning system according to Prof. Dr. A. Gerber (Condyloform®) the physiological positioning system (Bonartic®) forms the basis of this system. The portfolio also includes the highly esthetic NFC + tooth lines, products for registration and articulation as well as for completion and characterization. Dental technicians and dentists have trusted the Swiss products for more than 80 years to meet the esthetic demands of their patients.

As one of the world's leading dental companies and part of the Mitsui Chemicals Group, Kulzer has been a reliable partner for all dental professionals for more than 80 years. Whether analogue or digital dentistry, aesthetic or tooth preservation, prosthetics or periodontology – as a polymer specialist and digital solution provider, Kulzer stands for trusted and innovative dental solutions. This is us. This is Kulzer.

If innovative solutions for superior quality dental prosthetics is what you are looking for, then VITA Zahnfabrik is the ideal place for you. This website provides an overview of our company, our activities and our products such as VITA Teeth and veneering and CAD/CAM materials. Here you will also find career opportunities, as well as current press releases on ground-breaking innovations such as the hybrid ceramic, VITA ENAMIC and the zirconia-reinforced lithium silicate ceramic VITA SUPRINITY PC.

---

Since 1935, our mission has remained steadfast: Provide the world's highest-quality dental/denturist products and incorporate them into the latest dental/denturist protocols to help patients maintain optimal oral health. We are pleased to feature for denturists our Hydent Spray and Hydent Sticks to accurately pinpoint denture high spots easily and quickly without messy, difficult to use, inaccurate pastes.

## Brotherhood of Sterkenburgers

It was at Sterkenburg Castle in 1971 that Dutch Denturists first started their education and training for professional status. The Dutch Denturist pioneers started courses that were, initially, run over two years with attendance once a week. Very soon, Denturists were attending the courses for entire weekends. Sterkenburg Castle became their weekend school and home! Because of their comprehensive training, Denturists retained their right to educate themselves and pressure

the government for legal status. After official recognition, they decided to form a brotherhood of Denturists from those original pioneers, to honor those who were committed to Denturism and education.

The Sterkenburger philosophy is to help and support the education of Denturists and honor those who have shown an unyielding commitment to the Denturist profession worldwide.

Candidates for induction are nominated by the Brotherhood of Sterkenburgers through the Executive of the IFD, and the Abt, who is appointed for life. This prestigious position was held by Pieter Brouwer until his death in 2005. The International Federation of Denturists has agreed that no one person would ever be able to take Mr. Brouwer's place. The administration of the Brotherhood of Sterkenburgers is now with the Executive of the IFD.

---

---

The Sterkenburger has been bestowed on:

<p><b>Australia</b></p> <p>Mr. Stephen Boxhall, DD Mr. Graham Key, DD Mr. John Rogan, DD</p> <p><b>Belgium</b></p> <p>Mr. M.L.L. ## Pieter Brouwer Award of Merit

The highest honor of the International Federation of Denturists (IFD) is the Award of Merit. This is presented to individuals who have demonstrated extraordinary and exemplary service to the profession of Denturism on an international level. Pieter Brouwer was a pioneer of the IFD, and Apt of the Brotherhood of Sterkenburgers until his death in 2005. As a tribute to Pieter, the IFD re-named the Award of Merit the Pieter Brouwer Award of Merit.

To date, it has been presented to:

Pieter Brouwer †	The Netherlands
Michael Vakalis	Canada
Chris Allen	United Kingdom
Austin Carbone	United States
Paul Levasseur	United States
Eric Engelbrecht	The Netherlands
Gerry Hansen	Canada
Tony Sarrapuchiello	Canada
Duffy Malherbe †	South Africa
